RE: Eastshore (06-AFC-6) - Map Used During Testimony of Eileen Dalton

Dear Commissioner Byron:

Please find enclosed a copy of the map entitled "Mt. Eden Annexation Areas," referred to by the County of Alameda's ("the County") witness Eileen Dalton during her testimony on redevelopment during the Land Use section of the Eastshore evidentiary hearing on January 14, 2008. As you may recall, Ms. Dalton placed the enclosed map on the overhead projector and referred to it during the course of her testimony.

We are providing this map for inclusion in the record as it provides greater detail than the map in Exhibit 507, and to ensure that the Eastshore Committee and the public can understand the references Ms. Dalton makes to parts of the map in the transcript. The County respectfully requests the Eastshore Committee take official notice of the enclosed map such that the parties may refer to it in the briefing.

Please contact me if you have any questions or concerns.

Very truly yours,

RICHARD E. WINNIE  
County Counsel
